

Dear Chapter Presidents and PDOs,

I would like to take the opportunity to provide you with the following updates on APA's online course program.

As many of you know, our first online course, *Planning for Healthy Communities with Health Impact Assessments* has been an outstanding success – offering more than 600 AICP members 6 CM credits for free. I am pleased to announce that we have just extended our contract to keep this course for free for an additional year. The second online course, *Ethical Practice for Practicing Planners* (2|CM) has just been completed and is now available on our website. The third online course, *Hot Topics in Planning Law* (3|CM) will be available later in June, soon after the *2009 Planning Law Review* (1.5|CM) audio/web conference on June 24. These courses meet the required areas of ethics and law.

The following announcement has been created for you to post in your newsletter, website, listserve, etc. Please let us know if you have any questions.

Sincerely,

Monica
