

ONLINE FEEDBACK SURVEY

The online feedback form for receiving your input for the Statewide Geospatial Strategic Plan is now available! You can access the survey at the following link:

<https://www.surveymonkey.com/s/KYGISurvey>

Depending on how much you have to say and how thorough you intend to be, completing the survey should take between 5 and 20 minutes. Your feedback will be invaluable as we gather ideas for the plan. The survey form requires you to list a name and organizational affiliation to proceed with the survey. If you have concerns about your identity being associated with your comments, please contact me directly (wandrews@uky.edu) and we can make arrangements for you to submit your ideas in another way. The online survey will be available until the end-of-business on Monday, October 18.
